

## **RRA Board Meeting Sept 6, 2018**

- Dan Mullins reported that the lake will begin to lower on Nov 2, 2018.
- RSV/RRA Liason – Bob Cook gave a progress report on the Cherrywood Project

### **Member Comments**

- There was a question about how the road funds are being used
- A member suggested that the Association take back empty lots and turn them over to the Village to be made into “Green Spaces”.
- A suggestion was made to tell the phone company to quit leaving new phone books on the member’s lawns by their mailbox. Many residents are gone for long periods and these phonebooks can alert thieves of residents who are absent. Leave phone books in the Village and RRA offices to be picked up.

Motion to adjourn by Dave Emick, second by John Lindemann
